COVERS THE BEAR RIVER VALLEY LIKE A BLANKET

VOL. XIV

GARLAND, UTAH, SATURDAY JULY 26, 1919

No. 26

Married in S. L. Temple

Wednesday of last week, Ezra P. Jensen of this city and Miss Nina Vanfleet of Farmington, were united in marriage at the Salt Lake temple. The newlyweds are popular young people and have a host of friends. The groom is the son of Mr. and Mrs. Peter Jensen and recently returned from service in Uncle Sam's camp at Little Rock, Arkansas. He is our city recorder and has filled many positions of trust. At present he is one of the office force of the Garland office of the Utah-Idaho Sugar Co. The bride is one of Farmington's most highly respected young ladies, being the daughter of Mrs. Mary A. Vanfleet. She is also a sister of W. R. Vanfleet of this city.

A reception was tendered the young couple at the home of the bride's mother on the evening of their marriage. Among the guests present were Mrs. W. R. Vanfleet and Mrs. Peter Jensen of this city, Mr. and Mrs. Perry Lane Gleason of Ogden and members of the Vanfleet family of Farmington. The young couple will make Garland their home. We extend to the newlyweds our hearty congratulations and best wishes.

The Recital Pleases Public

The recital given by Mrs. Wesley Carter at the stake tabernacle last Sunday evening, was a most entertaining and highly appreciated entertainment. Miss Leah Vanfleet gave a number of choice readings which were well received and Master Harry Woodward rendered several violin solos that pleased and edified. There was a good attendance everybody enjoyed the exercises.

Wedding Anniversary

Last Sunday was the 35th wedding anniversary of Mr. and Mrs. George Wortley. On that day a family reunion was held at the Wortley home where a chicken dinner was served and a very pleasant afternoon spent. Refreshments were also served later in the afternoon. Those present were Mr. and Mrs. Geo. Wortley, their daughter Mrs. C. M. Deihl of Salt Lake City, George Harry Wortley, Mr. and Mrs. Lawrence Wortley, Wilford Wortley, Mr. and Mrs. Cal D. Mayfield, Mr. and Mrs. Thos. E. King and Mr. and Mrs. Samuel Cockayne.

Dr. and Mrs. J. Edward Day and children, Mr. and Mrs. G. C. Hymer and Mr. and Mrs. W. F. Persson spent Pioneer day in the Logan canyon where they had a very pleasant one-day outing.

Merchant Morris Abramson, accompanied by Mrs. Abramson, left Thursday for the East where he will spend two or three weeks with the big wholesale dealers in making the fall and winter purchases for the Golden Rule Store.

Explosion of Blow Torch

Last Saturday afternoon, Jack Foreman of the Howell and Foreman Garage, was severely burned on the arm and side of his face by the explosion of a blow torch which he was filling with compressed air. The flames filled the whole front of the garage and set fire to the roof of the building. Excitement reigned supreme for a season. The quick work of a small chemical fire extinguisher put out the blaze and saved what might have been a damaging fire.

The New Confectionary

Dixie Sheltan and Frank Driggs (Driggs & Sheltan) will open up a new Confectionary in the Garrett & Richards block the first of next week. The west room of the building it being papered, painted, and fixed up in good shape for the installation of the fountain and other fixtures. The city water has been connected with that part of the building and the new firm will open up under very favorable circumstances, carrying a complete confectionary line of goods. We wish them every success in their new venture.

"Joy Riding"

Last Sunday at about 1 o'clock p. m., Masters Henry Schneider, Johnny Evans and Gouner Nelson appropriated the Ford car belonging to J. A. Brown, the Confectionary man, and went "joy riding." The lads came back with the car late at night and left it in Little Jauraz. Kenneth Jones informed the boys that the marshal was after them so the lads induced Kenneth to take them to Deweyville in the Brown car where they beat it to Pocatello, Idaho. The car was returned to Mr. Brown early Monday morning by Kenneth Jones. W. H. Evans took the midnight train at Deweyville Monday to go to Pocatello and bring his son home. These boys and other lads, so we were informed by the marshal, also appropriated a car belonging to a man from Deweyville that was parked in front of th Palace a few weeks ago.

Go Out of Business

The Howell & Foreman Garage is now out of business. Jack Foreman one of the partners, disposed of some of the stock, machinery, etc., on Monday, packed his tools and left town to parts unknown to his partner, C. R. Howell. Mr. Howell has therefore decided to close up the garage and seek employment elsewhere. During their stay here the firm seemed to be doing a good business and were busy night and day. It seems that Mr. Foreman became discouraged and pulled out.

Canal Flume Goes Down

The flume of the Hammond Canal Co. known as the Cottonwood flume near Collinston fell Friday of last week, allowing the water in the canal to go streaming down into the canyon where it done considerable damage. A force of men under the direction of W. V. Call of Brigham City immediately got busy and made repairs and the water was turned back into the canal again Thursday. The flume is nearly 400 feet in length and the weight of the water bent the flume in the center and it went out. Most of the farmers under the canal had their crops well watered so the short water for a day or two did them very little damage.

AMERICAN LEGION BUT-TONS

A button adopted by the National Executive Committee of the American Legion as the official emblem of the national organization of four million American veterans of the Great War will be distributed in a few days to members of the Legion state branches and local posts throughout the country. An enlarged design of the button, unless changed by the National Convention at Minneapolis in November, will also be used as the basis for the official seal of the Legion.

The button is three quarters of an inch in diameter. It consists of a central small replica of the regulation bronze five pointed star discharge button, surrounded by a narrow circular band of blue enamel, containing the words "American Legion" in gold letters. The button has a fluted gold edge. The central replica of the discharge button will be silver instead of bronze for members of the Legion who were wounded in the service.

The necessary steps will be taken by the Legislative Committee of the American Legion, headed by former Senator Luke Lea of Tennessee and former Congressman Thomas W. Miller of Delaware, to have the emblem copyrighted and its use fully protected.

SUSCRIBE FOR THE GLOBE

Community Prosperity Depends Upon Keeping Money at Home

Utah has caught the spirit! Utah now knows that her community prosperity depends almost entirely on how near home Utah money is kept!

A few weeks ago when the campaign in the interest of Utah-made goods was inaugurated, by the Utah Manufacturers Association, big things were expected, but it was hardly thought that the enterprising people of the state would take hold of this important matter with the vim and vigor that are everywhere in evidence.

Utah is apparently aroused to the fact that if this state is to be built up as a commonwealth of great commercial importance, it must be done with Utah money. It is now evident that if Utah money is more interested in developing the business of Illinois, New York, and other eastern states, our own home state will suffer immeasurably. It is important to note, however, that even with the effort put forth on every side right now and the great improvements recently made enough money is needlessly leaving Utah every year to build a great city or to keep hundreds of factories busy night and day.

"If my observation is correct," said Secretary Earley of the Utah Manufacturers Association recently, "Utah people are just as far-seeing as the people of California, Colorado, Illinois or any other progressive state. Although some are a little thoughtless most of our people realize that home enterprises furnish the very life's blood of every commonwealth. The spending of an American dollar achieves its maximum effectiveness in community building only when that spending takes place very close to where it was earned."

The Board of County commissioners met in regular session Monday July 21, 1919, all members present. Minutes of meeting held July 7, 1919, were read and approved.

J. P. Christensen, road supervisor of Edwood, met with the Board relative to obtaining gravel for his road district. Mr. Christensen was authorized to procure good gravel where most convenient to the district.

Frank Walker met with the Board and requested an increase of the allowance to the family of Dewey Earl. Matter taken under advisement.

Peter M. Anderson and Moroni Mortensen of Bear River City, met with the Board and requested them to grade and gravel a sandy strip of State road North of Bear River City. After some discussion, the road supervisor was authorized to proceed with the grading and graveling of the road in question.

Upon motion of Commissioner A. R. Capener, Hyrum Peterson of Garland was appointed Constable of Sunset Precinct.

The Sheriff's report of fees collected for June was approved.

A number of Claims were allowed and it was ordered that the Board stand adjourned.

Another Band Concert at the cross roads of Main and Factory streets tonight—Sat. July 26. Come out and hear good music.

Mrs. Chris Peterson entertained the L. S. C. Club at her home on Factory street yesterday afternoon. Details next week.

There seems to be an attraction for Clifford Vanfleet in the county seat. We presume that it is the "Peaches" down there that draws Cliff to the Peach city.

Mr. and Mrs. Wm. J. Leak and Mrs. C. J. Peterson and children of Salt Lake county, motored to Garland last Saturday and spent Sunday with Mr. and Mrs. Clarence E. Smith. Mrs. Leak and Mrs. Peterson are sisters of Mrs. Smith. They returned home Monday.

Utah has caught the spirit! Utah now knows that her community prosperity depends almost entirely on how near home Utah money is kept! A few weeks ago when the campaign in the interest of Utah-made goods was inaugurated, by the Utah Manufacturers Association, big things were expected, but it was hardly thought that the enterprising people of the state would take hold of this important matter with the vim and vigor that are everywhere in evidence.

Utah is apparently aroused to the fact that if this state is to be built up as a commonwealth of great commercial importance, it must be done with Utah money. It is now evident that if Utah money is more interested in developing the business of Illinois, New York, and other eastern states, our own home state will suffer immeasurably. It is important to note, however, that even with the effort put forth on every side right now and the great improvements recently made enough money is needlessly leaving Utah every year to build a great city or to keep hundreds of factories busy night and day.

"If my observation is correct," said Secretary Earley of the Utah Manufacturers Association recently, "Utah people are just as far-seeing as the people of California, Colorado, Illinois or any other progressive state. Although some are a little thoughtless most of our people realize that home enterprises furnish the very life's blood of every commonwealth. The spending of an American dollar achieves its maximum effectiveness in community building only when that spending takes place very close to where it was earned."

A Marriage Prevented

WANTED TO GET MARRIED—Yesterday evening a "movie" stunt was pulled off on Forest street in front of the Forest Auto Garage. A young man and a young girl had evidently planned to get married and the parents of the girl arrived in time to head off proceedings.

It seems that Leon Cherry has been employed at Garland. He returned to Brigham just recently. Yesterday evening Miss Orilla Pritchard of Garland came over, according to appointment to become the life companion of Mr. Cherry, so it is said. The parents of Miss Pritchard, discovering a clue to the plan, arrived in this city just in time to interfere with the arrangements of the young people, but not without meeting serious objections from the young folks. The girl, however, returned to Garland with her parents. —Box Elder Journal, July 18.

LOVERS IN DIRE TROUBLE—A thrilling drama was enacted in front of the Guarantee Auto Company, place of business yesterday afternoon, which in reality was a family row. From the best account obtainable of the affair, it appears that young Leon Fritz of this city and Miss Pritchard, daughter of Mr. and Mrs. William Pritchard of Garland, both of whom are of tender years, had decided to get married. Miss Pritchard was at the Fritz home on North Main street and her parent hearing of the proposed step, came over to Brigham in an automobile post haste. They took their girl from the place where she was staying and came up to the Guarantee Auto shop where they were overtaken by the young lover who made desperate attempts to get his lady away from her parents. In the discussion which followed, it is reported that young Fritz struck Mrs. Pritchard in the face and in return that lady began pelting him with rocks. Bystanders joined in the fray and for a time there was a regular gang row on, when Deputy Sheriff Olsen came along and took the young man under his wing. The Pritchards bundled their daughter in the automobile and as she was getting aboard she called to her lover who was being led away by the deputy sheriff, that she would soon be back. Later the young man was released from custody and the Garland party wended their way homeward. —Box Elder News, July 18.

Mr. and Mrs. Chas. Bowen and children motored to Malad City Wednesday, returning Thursday evening. Wm. Preston of Brigham City is managing the Garland Mercantile Co's. store this week in the absence of L. W. Preston, who is in the Bear Lake country on an outing. Washington, D. C. July 25, 1919. The President has signed a proclamation eliminating approximately 11,000 acres from the La Sal National Forest, Utah. The lands eliminated have no value for forest purposes, and the action is taken as a result of recommendation by the Secretary of Agriculture, based on a report by the Forest Service, which made an intensive classification of the lands.

LANDS ELIMINATED FROM NATIONAL FOREST

Washington, D. C. July 25, 1919. The President has signed a proclamation eliminating approximately 11,000 acres from the La Sal National Forest, Utah.

The lands eliminated have no value for forest purposes, and the action is taken as a result of recommendation by the Secretary of Agriculture, based on a report by the Forest Service, which made an intensive classification of the lands.

Tremonton's Celebration

Our sister town Tremonton fittingly celebrated Pioneer day, July 24th, and the celebration brought a monster crowd to that city from all parts of the valley. The business houses were neatly decorated in flags and bunting and the doings of the day were full of spirit from early dawn to the midnight hour. The Garland Military Band livened up things with good musical selections and many of our citizens joined in the celebration.

An excellent program was given at the D. S. chapel at 11 o'clock a. m. The orator of the day was President E. G. Peterson of the Utah Agricultural College of Logan, who delivered a splendid address.

At the city park in the afternoon, the first attraction was a ball game between Garland and Tremonton. It was a hard-fought contest and Tremonton walked off with the honors in a score of 3 to 1. Then came the Japanese fencing contests which were full of interest and amused the crowd. Little Jimmy went in to break the plate on the Jap's head, but the Jap took the prize money (\$5.00) in a hurry. Then the Jap gave Jess Hallstone a chance to break the plate on his head in two minutes for a cash prize of \$5.00. Jess was just about five seconds at the job and broke the plate on the Jap's head and was awarded the FIVE.

Everybody cheered when the boxing contests were announced and Jim Downing took the mat. A few minutes elapsed waiting for the opponent to Jim to show up, when all of a sudden Bob Burge entered the ring to face the famous boxer Downing. One round was pulled off and Bob had plenty. Then Little Jimmy went up against Big Jim and three very interesting rounds followed. Little Jimmy was there O.K., but he was "outsized." Mr. Barrows, the Oakland salesman, who is about the same size of Downing, took the mat and Downing-Barrows gave a two-round bout. The two men looked well on the mat. Clyde Gephart was the referee. An amusing announcement was made by Willis Hendricks when Downing took the mat to the effect that Jack Dempsy was unable to be here today.

All kinds of races, sports and various entertaining amusements held the crowd until about sunset when they began to hunt refreshments and prepare for the picture shows.

A grand ball was given at the amusement hall in the evening, the Garland Palace orchestra furnishing the music.

If the automobiles seen at the celebration were put end to end, they would reach from the county seat Malad City, we believe.

CONVERTING THE CONVERTS

Savage tribes in Africa have been showing their disapproval of a mission school erected at the town of Effufep, by eating all the inhabitants of the village they could catch.—Cable dispatch from African country correspondent.

Seeking their food from God, apparently.—From the Mergenthaler Lines O'Type News.

Merchant Ed Haskell of Fielding, was in town on business yesterday.

Commissioner-Merchant G. G. Sweeten of Collinston, went through town in a FORD Pioneer day.
